Time flies! DOC submissions close February 4 @ 16:00.

If you want your say on such issues as helicopter and airplane noise in the Mount Cook and Westland National Parks, then you need to make a submission before you head away this weekend.

## Fast Way

1. **Click** on [Mount Cook National Park Submission](#)

## Westland National Park

The Mount Cook submission is available (above). The flights and tranquility issues also apply to Westland. My Westland submission will be completed very shortly.

## Important

If you miss this opportunity, then you have no grounds for complaint if you have a negative experience in either of the above national parks. This is your chance. Take it.

Thanks
